

ACTION ALERT!!!

Tell Congress: Say NO To Ending Official Time!

ON MAY 16th

Once again, politicians are trying to beat up on federal employees and their unions by eliminating official time for union representatives. This time is used to represent employees in grievance proceedings, unfair labor practices, and discrimination investigations. Without it, many will suffer.

Tell Congress to Defend Your Representation!

We urge all federal workers to call Congress (on your own time, using your own phone) and tell them to VOTE NO ON AMENDMENT 38 to the National Defense Authorization Act.

You can reach them by calling the Capitol Switchboard:
