To: All NFFE Members
From: NFFE National President William R. Dougan
Subject: 2013 United Way Campaign

Dear Sisters and Brothers,

For over 65 years the AFL-CIO and its partners in the labor community have worked with the United Way to build stronger, more prosperous families and communities. With so many workers today struggling to make ends meet, it is more important than ever to continue supporting this partnership by making a contribution to the United Way.

Together we can strengthen the foundations of our communities by ensuring more opportunities for better income, education, and health. While the United Way does this work each and every day, it cannot do it alone, and it depends on committed unionists like you to help make it happen.

Please join NFFE in supporting the United Way's 2013 Campaign by making a contribution through the Combined Federal Campaign (CFC) or donating individually. By making just a small contribution, you will be helping to strengthen the voice of working families in your community and throughout the nation.

In solidarity,

William R. Dougan
National President
