

ACTION ALERT!!!

Tell Congress: Say NO to a Shutdown

After months on partisan bickering, Congress still has not reached a deal to avoid a government shutdown. NFFE and other unions are fighting to stop reckless politicians from furloughing hundreds of thousands of federal employees after funding runs out on April 8th. Now we need YOU to become a part of the solution.

ON APRIL 5th

Tell Congress to Stop Playing Politics with YOUR Job!

Call Congress (on your own time, using your own phone) and tell them to reject the extreme cuts in H.R. 1 and come to a reasonable compromise. You can reach your elected officials by calling the Capitol Switchboard:
