

ACTION ALERT!!!

TELL CONGRESS:

No to Pay Freeze

No to Job Cuts

No to Retirement Cuts

Here we go again. Washington politicians are trying to play politics with federal workers over extending the payroll tax cut. As you read this they are considering a pay freeze extension, cuts to your retirement plan, and the elimination of hundreds of thousands of federal jobs.

Tell Congress You Are Not a Political Bargaining Chip

We are urging all federal employees to call Congress (on your own time, using your own phone) and tell them to protect the jobs and compensation you have earned. Reach elected officials using the Capitol Switchboard:
