The EMPLOYER agrees to render a decision on the employee's request for exclusion as soon as possible but not later than ten (10) days after receipt of the request by the employee's First Line Supervisor. Approvals shall be administered in accordance with applicable laws, rules, and regulations.

HOURS OF WORK IN BASIC WORKWEEK (cont'd)

Section 3 (cont'd)

- D. Approval will be in writing and given to the employee within the prescribed time frame listed in paragraph C. above. Disapprovals must be in writing and must contain a complete analysis with the reason(s) for disapproval. If the employee is dissatisfied with the decision, the employee may attempt to resolve the matter through the use of the Negotiated Grievance Procedure.

Section 4

The PARTIES agree that there are exclusions to the AWS. It is Managements' responsibility to inform the affected employees.

Section 5

Any lunch period, during which the Employee is entirely free of duty in connection with his/her job, shall not be considered duty time.

Section 6

No change in the basic work week will occur that is not the result of negotiations, except as may be required for compliance with 5 C.F.R. Part 610 as supplemented by the Office of Personnel Management.

Section 7

When an Employee reports for work at the prescribed starting hour on a scheduled workday and is prepared for and remains capable of, but is prevented from performing his/her regularly assigned duties by circumstances beyond his/her control, Management will make a reasonable attempt to keep the Employee gainfully employed by assigning him/her to other duties.

Section 8

The EMPLOYER agrees that all official travel time as pertains to temporary duty assignments will be scheduled and paid in accordance with applicable laws and regulations. Where feasible, Management will consider Employee requests regarding their preferred travel times.

SHIFT ASSIGNMENTS

Section 1

The selection and assignment of Employees to a particular shift is the responsibility of the EMPLOYER. When changing shift assignment of Employees under each supervisor (second level supervisor in the manufacturing divisions) the specific requirements of the job, as well as prior experience, shift preference, and seniority (SCD) of the Employees will be considered before a final determination is made. Exceptions to this policy, requested by Employees or first line supervisors, can be made only by a supervisor one level higher than the first line supervisor for valid reasons involving compassionate requests from the Employees or for maintaining efficient operations.

To the extent practicable, a voluntary system forms the basis for the overall shift preference policy. Consistent with workload and mission requirements efforts will be made by management to avoid shift assignments to a night shift for periods longer than three months. Employees desiring a specific shift, other than the one to which currently assigned, must submit their requests in writing to their immediate supervisor.

Section 2

In instances where the number of volunteers possessing the specific skills required for the job in question is less than the demand, all non-volunteer Employees identified by the supervisor, using the considerations mentioned above, will be rotated for three months according to SCD. An Employee may volunteer to satisfy the three month rotation period requirement of another Employee. However, it will not affect in any way his/her own involuntary rotation turn.

Section 3

In instances where the number of volunteers possessing the specific job skills required for night shifts exceed the demand, Employees with the most seniority (SCD) will be assigned to those jobs.

Section 4

Consistent with the above, an Employee may be displaced from a night shift by an Employee possessing the specific skills required and who possesses greater seniority status (SCD) and desires to work that shift.

An Employee who displaces another Employee on a night shift must remain on that shift for a minimum of one year, unless displaced by a senior Employee or relieved by an Employee who volunteers to serve the remaining portion of the one year. An Employee cannot be involuntarily displaced more than once in a 12-month period by means of greater seniority.

Article 16

SHIFT ASSIGNMENTS (cont'd)

Section 5

Changes in shift assignments/tours of duty require at least two (2) weeks advance notification, except as may be required for compliance with 5 CFR Part 610. Notification to Employees and the UNION will be in writing. Exceptions to this requirement may be made if the Employee agrees or the Director or Manager that answers to the Command Group, or their designees, or Manager of Tenant Activities/designee approves an exception due to unusual circumstances.

Excluded from the above provisions are those jobs that require continuous 7-day coverage accomplished on a rotational basis.

Article 17

OVERTIME

Section 1

Overtime, when ordered, is recognized as a condition of employment.

Section 2

Normally, when overtime is required on any particular job, preference will be given to the incumbent performing this work as his/her regularly assigned duties within the functional or administrative unit under the supervision of the first line supervisor where the overtime occurs. Incumbent is defined as an Employee who has worked the most number of hours on the particular job on the day of assignment, plus the six (6) regularly scheduled workdays, excluding overtime, preceding the day that the overtime assignment is made. When recurring or continuing overtime is applied on a particular job normally performed on multiple shifts during regular working hours, overtime will normally be distributed among the incumbents on each shift performing that work as his/her regularly assigned duties. In circumstances where overtime assignments are not made on the basis of incumbency, such assignments will be made on factors that are reasonable, just, and fair as practicable among qualified Employees within the work area. Employees' preference to work or not to work will be given adequate consideration regarding the assignment of overtime. The EMPLOYER will make a reasonable effort to find a substitute for an Employee whose preference is not to work an overtime assignment.

Section 3

- a. In the distribution of overtime, each supervisor is responsible for maintaining a fair distribution of overtime to all Employees under his/her supervision.
- b. Any Employee who feels they are not being offered overtime assignments in accordance with the spirit and intent of this agreement may file a grievance to raise those concerns to the appropriate management official.
- c. It is the responsibility of both Employee as well as employer to bring to the attention of the appropriate official discrepancies in overtime.

Section 4

In the ordering of overtime, the EMPLOYER will provide as much advance notification as possible under the circumstances. When a need is recognized for overtime work on weekends, the EMPLOYER will inform those Employees required to work on the 0700 - 1630 and 1630 - 0200 shift during their shift on the Wednesday of the 4 day week and Thursday of the 5 day week immediately preceding the weekend, except for emergencies or unforeseen circumstances.

Article 17

OVERTIME (cont'd)

Section 4 (cont'd)

When a need is recognized for overtime work beyond the normal end of the shift, the EMPLOYER will make a determined effort to inform Employees of the need to work overtime as soon as the need is known.

Section 5

When it is necessary for Employees to return to work outside of their standard work hours to perform unscheduled overtime work of less than two (2) hours duration, they shall be paid a minimum of two (2) hours overtime.

Section 6

The EMPLOYER agrees that records of overtime work will be maintained by the EMPLOYER and that such records will be made available for review by representatives of the UNION upon request in connection with a complaint or grievance.

Section 7

Overtime Assignment Policy for Snow Removal

1. The incumbency rule is waived. A volunteer list of employees assigned to the division will be used to determine overtime assignments. Each year, at the beginning of the snow removal season, supervision will solicit volunteer drivers and workers from assigned qualified employees. The list will initially be established by assignment/skill, in service computation date for leave order with the most senior employees placed at the top of the list. If there are an insufficient number of volunteers, management may solicit for volunteers from outside the division or may direct the involuntary inclusion of qualified employees. Employees who request to be added to the list (after the initial establishment of the list) will be placed at the bottom of the list.
2. Overtime assignments will be distributed on a rotational basis using the list based on equipment availability; skill level and licensing of employees on the list.
3. It is understood that an employee's preference to work or not to work will be given adequate consideration regarding the assignment of overtime. If, after the overtime list is exhausted, overtime spaces are still available, the employee whose turn it is to work, based on the rotational list and skill level requirements, may be directed to work. This does not preclude the direction of mandatory overtime for employees not on the volunteer list.
4. Any employee who is absent on any form of sick leave during the entire day of overtime will not be considered or contacted for overtime on that day. Similarly, any employee on annual leave will only be considered or contacted when their name comes up on the rotational list. Phone calls to employees to work overtime will only occur as required by the rotational list, and one attempt will be made to reach a person. After that the leader will document the overtime record showing that the employee was called, was not available and proceed to the next name on the list.

Article 17

OVERTIME (cont'd)

Section 8

Overtime Assignment Policy for Crane Operators

1. The incumbency rule is waived. Overtime assignments will be distributed on a rotational basis using two lists by shift for the first and second shift. The initial lists will be set up by service computation date for leave. If additional employees or replacements are brought into the area their names will be added to the bottom of the list.

a. Weekday Overtime: There will be a list for the first shift and a list for the second shift. Each will be for overtime required beyond the regular compressed workday as defined in Article 13, Hours of Work in Basic Workweek. If a regular third shift be employed in the future a list will be established for the third shift.

b. Weekend Overtime: There will be a list for the first shift and a list for the second shift. Should a regular third shift be employed in the future a list will be established for the third shift. As defined in Article 13, the first weekend of the compressed work week is Saturday and Sunday and the second weekend is as Friday, Saturday and Sunday.

c. Any Employee who volunteers or is directed to work for weekend overtime on an off shift (not his regularly assigned shift) will not cause the employee(s) rotation to be changed on the shift he is regularly assigned.

2. Special procedures will be used to cover third shift overtime as long as there are no regular scheduled crane operators on the third shift. For third shift overtime the second shift list will be used for overtime required during the first half of the third shift. For overtime required during the last half of the third shift the day shift list will be used.

3. It is understood that an employee's preference to work or not to work will be given adequate consideration regarding the assignment of overtime. After the overtime list for a shift is exhausted, i.e. all employees on the list decline, if overtime spaces are still needed to be filled, management will seek volunteers from one of the other shift lists. Should there be no volunteers from the other shift list, management will order the employee whose turn it is to work, based on the rotational shift list, to work the overtime.

4. Any employee who is absent on any form of sick leave during the entire day of the overtime will not be considered or contacted for overtime on that day. Any employee on annual leave will only be considered or contacted when their name comes up on the rotational list. Phone calls to employees to work overtime will only occur as required by the rotational list. Supervisors will only make one (1) attempt to reach the employee at the designated telephone number provided by the Employee. The supervisor will document the overtime record that the employee was called, not available or did not answer and proceed to the next name on the list.

Article 17

OVERTIME (cont'd)

Section 8 (cont'd)

5. When overtime for an entire shift is necessary it will not be within the Employee's discretion to choose working only a portion of the shift. Volunteers or directed assignments (if no volunteers available) will be for the entire duration of the shift or full length of the assignment.

6. Employees on military leave during days of overtime assignments are not considered in an official duty status and therefore will not be considered or contacted in the rotation for the overtime on those days.

Article 18

SICK LEAVE

Section 1

Employees recognize the insurance value of sick leave and the importance of work attendance in the accomplishment of the EMPLOYER'S mission.

Employees will earn sick leave in accordance with appropriate laws and regulations of the Office of Personnel Management.

Section 2

Sick leave will be granted to Employees when they are incapacitated for the performance of their duties for reasons of sickness, injury, or other reasons as provided by sick leave regulations. When an Employee requires use of sick leave, he/she will be responsible to personally notify the appropriate management officials or designated alternate individual, (as identified by their supervisor) prior to the beginning of his/her scheduled work shift. If that is not possible (there must be significant extenuating circumstances), the employee must personally notify the appropriate management official no later than four (4) hours after the beginning of the shift. An employee who expects to be absent more than 1 day shall talk with their supervisor concerning the approximate date of return to duty. If the supervisor is unavailable, the employee shall leave their contact information for their supervisor. If he/she does so daily reporting shall not be required.

Employees who occupy the following positions must report their absences to the appropriate management official or designated individual on duty by the beginning of the shift:

- (1) Employees in the tool cribs
- (2) Crane operators
- (3) Employees who operate the Selas furnace
- (4) Firefighters
- (5) Employees that perform real property maintenance functions in the Facility
Maintenance and Operations Group

Employees in the Boiler House and the Waste Treatment Plant must call in two hours before the beginning of their shift.

The school bus driver(s) must call in two hours prior to the beginning of the shift when school is in session.

It is understood that in extenuating circumstances, an emergency situation may preclude an Employee from this reporting requirement. Consideration will be given to an Employee if the nature of the illness is so severe that it precludes such personal notification. In such cases, the notification may be made by another person.

Article 18

SICK LEAVE (cont'd)

Section 3

It is agreed that Employees desiring medical, dental, or optical examinations, or treatment, will request such leave as far in advance as possible.

If necessary to arrange such appointments during the work shift, Employees will make every effort to schedule them at the beginning or end of their work shift.

Section 4

Sick leave must be granted to employees when they are incapacitated for the performance of their duties for reasons of sickness, injury, or other reasons in accordance with 5 CFR Section 630.401(a). Management may require a medical certificate for an absence for any of the purposes described in 5 CFR Section 630.403(a) for an absence of 4 consecutive work days or for a lesser period when Management determines it is necessary.

An Employee must provide administratively acceptable evidence or medical certification for a request for sick leave no later than 15 calendar days after the date the agency requests such medical certification. If it is not practicable under the particular circumstances to provide the requested evidence or medical certification within 15 calendar days after the date requested by the agency despite the employee's diligent, good faith efforts, the employee must provide the evidence or medical certification within a reasonable period of time under the circumstances involved, but no later than 30 calendar days after the date the agency requests such documentation. An employee who does not provide the required evidence or medical certification within the specified time period is not entitled to sick leave.

Section 5

Advanced leave up to 30 days may be requested in cases of serious disability or illness where there is reasonable assurance the Employee will return to duty for a sufficient period of time to repay the sick leave advanced. Requests for advanced sick leave will be in writing and will be supported by a valid medical certificate.

Article 19

ANNUAL LEAVE

Section 1

Annual leave will be governed by laws and regulations of the Office of Personnel Management, and as further stipulated below.

Section 2

WATERVLIET ARSENAL Employees are entitled to accrual of annual leave as prescribed by statutes.

Section 3

The EMPLOYER will, at the Employee's request, allow annual leave of not less than two (2) consecutive weeks during the calendar year, subject to mission or workload considerations. Employees preferring specific dates are encouraged to submit their requests to their supervisors during the months of November and December. Their requests will be tentatively scheduled/approved by their supervisor by 31 January. Those tentative leave schedules will be provided to the Employee by 31 January of each year. Conflicts between Employees under each approving supervisor over requested vacation periods will be resolved in favor of the Employee with the greatest seniority (SCD).

Section 4

Requests or changes in requests submitted after the schedule has been approved will be considered and scheduled without involuntary displacement of Employees whose requests have been previously approved.

Section 5

When a supervisor finds it necessary to cancel previously approved leave due to unforeseen workload requirements, the reasons for cancellation will be explained to the affected Employee in writing. Denial of the use of such leave will be based on factors which are reasonable and equitable and which do not discriminate against any Employee. Supervisors will provide notice of cancellation of scheduled leave as soon as the need is known.

Section 6

Employees will assure that annual leave is scheduled during the year to avoid situations where they approach the end of the leave year with a significant amount of annual leave that must be used. The EMPLOYER may require the use of use or lose leave throughout the year to avoid maximum accumulation at the end of the year. Provisions will be made for Employees to carry over scheduled annual leave in accordance with applicable leave regulations. The EMPLOYER agrees to send Employees (through DISTRIBUTION: E) a mid-year reminder to schedule use or lose leave.

ANNUAL LEAVE (cont'd)

Section 7

All annual leave is required to be approved in advance. However, it is recognized that unforeseen circumstances may require the use of emergency leave. When emergency leave is required, the Employees will personally request the leave from the appropriate management official or designated alternate (as identified by their supervisor), in that order, as close to the beginning of the shift as possible. If that is not possible (there must be significant extenuating circumstances), the employee must personally request leave from the supervisor/appropriate management official no later than four (4) hours after the beginning of the shift and within four (4) hours of their work shift on the first day following the termination of each approved absence.

Consideration will be given to an Employee if the nature of the emergency is so severe that it precludes such personal notification. In such cases, the notification may be made by another person. Approval or disapproval may be granted by the supervisor or next higher level of supervision, or their designee. The alternate cannot approve the leave request unless specifically delegated approval authority. However, reporting to the alternate will conform to the reporting requirements only.

Employees who occupy the following positions must report their absence and request leave to the appropriate management official or designated individual on duty by the beginning of their shifts:

- (1) Employees in the tool cribs
- (2) Crane operators
- (3) Employees who operate the Selas furnace
- (4) Firefighters
- (5) Employees that perform real property maintenance functions in the Facility Maintenance and Operations Group

Employees in the Boiler House and the Waste Treatment Plant must call in two hours before the beginning of their shift.

The school bus driver(s) must call in two hours prior to the beginning of the shift when school is in session.

It is understood that in extenuating circumstances, an emergency situation may preclude an Employee from this reporting requirement. Retroactive approval of annual leave may be given where circumstances warrant. The mere reporting of an absence and leave request will not necessarily result in favorable action, and documented proof of emergency conditions may be required.

Section 8

For Mondays which precede Tuesday holidays, and Fridays which succeed Thursday holidays, the EMPLOYER will grant leave to the extent permitted by workload and specific process skills required. It is also recognized that certain days off are desirable during the holidays. Therefore, for the period of 23 December through 2 January, a relaxed leave policy is in effect. Managers will be encouraged to approve all leave requests.

Article 19

ANNUAL LEAVE (cont'd)

Section 8 (cont'd)

When workload requirements for a specific job are less than the number of available Employees possessing the specific skills for the job, leave will be granted on the basis of seniority (SCD).

Article 20

LEAVE WITHOUT PAY

Section 1

Leave without pay (LWOP) may be granted in accordance with the terms of this Agreement, applicable laws, and controlling regulations.

Section 2

Employee representatives elected or appointed to a UNION office may apply for periods of leave without pay to accept temporary UNION positions. The EMPLOYER agrees to make every reasonable attempt to grant such leave, subject to mission or workload considerations, initially not to exceed a period of two (2) years. Renewals for extension of the initial grant will not exceed two year increments, and will in no case cause a total absence beyond four (4) years.

Section 3

Employees returning to duty from approved periods of leave without pay will be granted such rights, privileges, and seniority to which they may be entitled at that time in accordance with applicable laws and regulations.

Section 4

LWOP may be granted for educational purposes in accordance with applicable regulations.

Section 5

In accordance with Executive Order 5396, when a disabled veteran, as defined in 5 CFR 211.102, presents a statement from a medical authority that treatment is required, annual leave or sick leave shall be granted, if available, otherwise, leave without pay shall be granted. The granting of such leave is contingent upon the veteran's giving prior notice of definite days and hours of absence required for medical treatment in order that arrangements may be made for carrying on the work during his/her absence.

To that end, the Parties agree to the following:

- a. Employees must first invoke their right to LWOP under the Family & Medical Leave Act
- b. The Employee will be provided Optional Form WH-380, dated June 1993, by his/her supervisor

Therefore, the EMPLOYER will continue a voluntary program of blood donations by means of scheduling Bloodmobile visits to the Arsenal. An Employee may be granted up to four (4) hours administrative excusal for reporting to and from the donation site, actual donation, and recuperation to the extent the excused time falls within the Employee's normal hours of work.

b. All requests to donate blood are subject to supervisor approval based upon such things as the number of Employees already approved for leave on the date in question, as well as workload and mission requirements.

c. Nothing in this Article should be construed as prohibiting second or third shift Employees from serving as blood donors or being allowed blood leave as long as all other requirements of the Article are fulfilled.

Section 5 – Elections

Employees may be granted administrative leave to vote in governmental elections in accordance with established laws, rules and regulations.

Section 6 – Court Leave

Each reservist of the Armed Forces of the United States or member of the National Guard who is entitled to leave of absence from his/her duties will be granted such leave without adverse effect on his/her performance rating, or loss of pay, or charge to annual leave. Military leave will be granted to Employees upon presentation of official orders in accordance with applicable regulations.

ARSENAL SHUTDOWN

All Employees normally performing specialized work scheduled for the shutdown (maintenance or other) will be assigned to work during the shutdown. Other scheduled work will be assigned to qualified Employees who do not have sufficient annual leave for the shutdown because of extended illness, short-term employment (Employees hired within one year of the first day of the current year's shutdown), or personal hardship who have requested to work. If there is still an insufficient number of people to perform all scheduled work, the most senior Employees (SCD) who have requested to work will be given the first opportunity to work during the shutdown within the confines of the numbers needed. All requests to work the shutdown must be submitted to immediate supervisors in writing not later than the last working day of May. The EMPLOYER will provide the UNION with the number of Employees needed to perform scheduled work and the number of Employees assigned to perform specialized scheduled work, 30 days prior to the start of shutdown.

When an Employee believes his/her job description does not accurately reflect the duties being performed by the Employee, the Employee shall first bring the matter to the attention of the immediate supervisor, in writing stating the reasons why he/she feels it is incorrect. The supervisor is responsible for assuring that the local review process, including resolution if possible, is completed within 45 calendar days. Section 8 – Notice of Decision

A written decision shall be rendered by the deciding official indicated in the proposal notice. Normally the deciding official shall be at a higher level in the activity than the proposing official. The notice of decision will:

1. Specify the instances of unacceptable performance by the employee by which the reduction in grade or removal is based; only instances of unacceptable performance which occurred in the 1 year period before the date of the advance notice may be used to support the decision. Only those instances included in the advance notice may be relied on to support the final decision.
2. Specify the Employee's appeal rights, including his/her right to appeal the action to the Merit Systems Protection Board or through the Negotiated Grievance Procedure, but not both, and will inform the Employee that he/she will be deemed to have exercised his/her option to raise the matter under one procedure or the other at the time the Employee timely files a written grievance or files a notice of appeal under the applicable MSPB procedures.
3. Be delivered at least 7 calendar days prior to the effective date of the action

MERIT PROMOTION

Section 1 – Purpose

All actions under this article whether identification, qualification, evaluation, or selection of candidates shall be made without regard to political, religious, or labor organization affiliation or non-affiliation, marital status, race, color, sex, national origin, non-disqualifying physical handicap, or age, and shall be based solely on job-related criteria (5 CFR 335.103(b)(1)).

Section 2 – Area of Consideration

1. The Parties recognize that positions may be filled from any appropriate source in accordance with established laws, rules and regulations.
2. The Parties agree that management may use a number of recruitment methods simultaneously in order to reduce the total time to refer candidates.
3. The EMPLOYER agrees that the minimum area of consideration for all positions announced through the merit promotion program will include all current career and career-conditional employees employed at Watervliet Arsenal including those employed at Army activities.

Section 3 – Regional Merit Promotion Plan

The Parties agree to use the Northeast Civilian Personnel Operations Center (NECPOC), Regional Merit Promotion Plan. The Plan will be provided on Watervliet Arsenal's Intranet.

Section 4 – Promotion/Selection Records

The UNION recognizes that all Merit Promotion records are maintained electronically by the NECPOC. The EMPLOYER agrees to request an electronic record from the NECPOC upon receipt of the UNION's written request for such record. The record shall include information such as the number of skills requested, names on the best qualified list and the number of skills each employee met. Non-selected employees may also review the promotion/selection records consistent with the Privacy Act and other applicable laws, rules and regulations.

NONCOMPETITIVE ACTIONS

Section 1

The EMPLOYER agrees that Employees assigned to an established higher graded position should be temporarily promoted whenever possible.

To accomplish this, the EMPLOYER agrees that when an Employee is assigned to an established higher graded position for more than 14 calendar days, an RPA will be initiated to temporarily promote, with pay, the Employee for the remainder of the time necessary for the Employee to serve in the established higher graded position, up to a maximum 120 calendar days.

Should an administrative error occur and the RPA not be initiated at the beginning of the third week from the date the Employee was assigned to the established higher graded position, and a dispute or grievance occurs, the following will apply:

- (1) The grievance must be filed by the end of 24 calendar days from the date the Employee is assigned to the higher graded position, or the grievance will not be considered timely, nor will it be processed.
- (2) No grievance will result due to the administrative time necessary to make temporary promotions effective.
- (3) The Parties agree that back pay will not be rendered in any case where the grievance is not filed by the end of the 24th calendar day from the assignment to the established higher graded position.
- (4) The UNION agrees that this Article will not be used as a basis for pursuing back pay claims/grievance in situations or cases that have occurred prior to the effective date of this agreement.
- (5) In any case, retroactive promotion (and backpay) will be limited to the date of the filing of the grievance with management.
- (6) In instances where Watervliet Arsenal is restricted from initiating temporary promotions by OPM, or applicable laws and regulations of appropriate authority, the provisions of this article do not apply. This does not preclude the EMPLOYER from initiating the RPA on the first day of assignment to an established higher graded position if it is expected that the assignment will be beyond 14 calendar days.

NONCOMPETITIVE ACTIONS (cont'd)

Section 2

Repromotion Program

Coverage: Permanent employees currently receiving grade and/or pay retention benefits due to a downgrade that was effected through no fault of their own, i.e. those downgraded by reduction-in-force, reclassification, medical disqualification. It does not include employees downgraded into upward mobility programs, to correct an error, or demotions at the employee's request or for personal cause. (Waiver of grade retention is considered a change to lower grade at employee's request). Employees on temporary appointments are not eligible to receive repromotion consideration.

Procedure:

1. All employees receiving grade and or pay retention benefits will be registered in the Repromotion Program for the pay plan and grade lost.
2. If there are multiple entitlements, due to more than one demotion, each entitlement will be considered separately and listed as separate entries for that employee.
3. Specific qualifications possessed by registrants will be determined for each vacancy as it occurs. Individual employee files will be maintained and updated to reflect consideration granted, date granted, position title, series and grade, Full Performance Level (FPL), repromotions received, and declinations.
4. The Repromotion List will be the first source considered in filling all (permanent and temporary) competitive vacancies. Repromotion Lists will not be issued across activity lines (i.e. Benet to Arsenal, etc.) during freezes which prohibit an increase in activity strength. Selection during freezes across lines are effected by detail only. Upon request and approval of a freeze exception, appropriate repromotion lists will be referred before other methods of recruitment are utilized. Use of the Priority Placement Program may be the only exception to this policy.
5. If the FPL of the vacancy is higher than the grade lost, no repromotion will apply.
6. If no selection is made from this list, reasons for non-selection must be submitted through CPAC to the Commander, Director of Benet Laboratories or equivalent level, who will concur/non-concur with the non-selection(s).

Termination of Eligibility:

1. Entitlement under the Repromotion Program will cease when the employee is permanently promoted to the grade lost or higher grade.
2. Declination of a permanent position at the same grade or higher that offers the same working conditions (i.e. work schedule, status, commuting area, same basic pay or higher, etc.) as the position from which downgraded, will result in no further special consideration, as well as the loss of grade/pay entitlements.
3. Eligibility under the Repromotion Program ceases when grade/pay retention entitlements terminate.
4. Early termination of grade retention entitlements at the employee's request will also result in no further special consideration.

TRAINING & DEVELOPMENT

Section 1

The Parties recognize that a well trained work force enhances efficiency, quality, and morale. To provide for a well trained and efficient work force and to the extent that such training is consistent with mission needs, as determined by the EMPLOYER, the EMPLOYER agrees to:

- a. Provide adequate training for Employees to meet their performance requirements or standards.
- b. Provide cross-training opportunities to Employees when funding and mission requirements permit.
- c. Endeavor to provide training opportunities on a fair and equitable basis to all Employees.
- d. Consider the UNION/Employee comments to improve opportunities for training.

Section 2

The EMPLOYER will, as the need arises, identify those positions in which a scarcity exists and insure that all Employees are informed of these positions. (A scarce position is defined as a position, excluding professional and Career Program positions, for which the EMPLOYER has determined that recruitment and job engineering efforts have failed to produce any qualified candidates.) Thereafter, the EMPLOYER will, to the maximum extent practicable, publicize any training opportunity available. The method of selection for formal training agreement positions, approved by the Office of Personnel Management or the EMPLOYER, will be in accordance with the Merit Promotion Program.

Section 3

The EMPLOYER will conform fully with provisions of training agreements as they relate to time frames, progress reports and promotions.

Section 4

Payment of registration and tuition fees will be consistent with Army regulations and applicable laws. The EMPLOYER will make a reasonable effort to approve enrollment of Employees in universities/colleges or other approved courses consistent with operational requirements and budgetary restraints.

Article 30

REDUCTION IN FORCE

Section 1

All Reduction In Force (RIF) actions will be in accordance with 5 CFR Part 351 and this Article. The provisions of this Article will be in addition to the requirements contained in 5 CFR Part 351.

Section 2

A RIF action is defined as any action taken by the EMPLOYER to release a competing Employee from his/her competitive level by furlough of more than 30 calendar days, separation, demotion, or reassignment requiring displacement, when such action is required because of lack of work, shortage of funds, insufficient personnel ceiling, reorganization, an individual's exercise of reemployment rights or restoration rights, or reclassification due to erosion of duties when such erosion occurs within 180 calendar days of a formally announced RIF in the competitive area.

Section 3

Specific notices to affected Employees will be issued at least 120 calendar days prior to the effective date of the RIF.

Section 4

A cutoff date will be established for the use of performance appraisals in regard to determining an Employee's service computation date. That date will be no more than 140 calendar days before the expected issuance date of the specific RIF notices to individual Employees. Appraisals due after that will not be used when computing service computation dates.

Section 5

The EMPLOYER will provide the UNION a copy of the computerized retention register. In the event of an actual RIF, the EMPLOYER agrees to brief three representatives of the UNION on the use of the retention register. The briefing will include how Employees bump and/or retreat, the various groupings, and how competitive levels are determined.

Section 6

The EMPLOYER agrees to take all appropriate actions deemed necessary to minimize the adverse effects of a RIF on Unit Employees.

In the event of a RIF, existing vacancies that management has decided to fill during the RIF, will be used to the maximum extent possible to place Employees in continuing positions in order to minimize adverse actions and reduce separations during a reduction in force.

REDUCTION IN FORCE (cont'd)

Section 7

An Employee whose assignment to a lower grade position, or whose separation is proposed, has a right to review all of the records pertaining to the action and to see a copy of the applicable regulations pertaining to RIF. This includes the retention register for his/her competitive level and those for other positions for which he/she believes he/she is qualified down to and including those in the same or equivalent grade as the position, if any, which constitutes the best offer, or if separation is proposed, all positions equal to and below the grade of his/her current position within his/her assignment rights.

Section 8

Any career or career-conditional Employee who is separated as a result of RIF, and who has not declined placement equal in grade to the position held, will be placed on the Reemployment Priority List, and such Employee shall be given preference for reemployment in accordance with applicable regulations.

Section 9

The displacing and retreat rights of Employees affected by RIF shall be governed by applicable statutes, regulations, and directives.

Section 10

In any case where an Employee accepts a demotion in lieu of separation by a reduction in force action, the Employee must meet the established qualification requirements of the lower grade position to which he/she is to be assigned unless otherwise waived by appropriate authority. (Definition of appropriate authority is position management officer/Commander, or designee).

Section 11

RIF actions which are appealable to the Merit Systems Protection Board (MSPB) will not be subject to grievances under the negotiated grievance procedure.

Section 12

The EMPLOYER agrees to offer opportunities to Employees adversely affected by a RIF to return to employment based on and in accordance with their registration on the repromotion, reemployment priority list, and priority placement program in conjunction with the Employee meeting the qualifications of the temporary or permanent position to be filled. These offers will be made prior to opening the vacancy to other Unit Employees or outside applicants.

REDUCTION IN FORCE (cont'd)

Section 13

The Employer will notify all employees (Dist.E) at least 20 work days prior to the cutoff date by which the employees must have all information updated/verified in their Official Personnel File (OPF) that may affect the employees placement rights. The Employer and the Union jointly recognize the importance of an accurate updated OPF for RIF purposes. The Employer agrees to offer training during non-duty time concerning supplemental experience statements and other pertinent information regarding employees' OPF for RIF purposes.

Section 14

The UNION will designate one (1) person to work with the Civilian Personnel Advisory Center Employees in the Out-Placement program for the duration of the RIF.

Section 15

Temporary positions, when offered to Watervliet Arsenal Employees displaced as a result of a RIF, will be offered to qualified Employees based on seniority in accordance with Employees' adjusted service computation date and veteran status.

Article 31

WAGE SURVEY

The UNION shall have a representative on the local Wage Survey Committee. The UNION shall have data collectors in local wage surveys, equal in number to EMPLOYER data collectors. UNION data collectors and committee members will be in a pay status while performing survey duties.

The EMPLOYER agrees to conduct training of UNION designated data collectors prior to an impending full-scale Wage Survey, and such training will be considered part of their official duties.

ENVIRONMENTAL DIFFERENTIAL PAY

Section 1

Environmental Differential Pay (EDP) will be paid in accordance with WVAR 690-60.

Section 2

When the UNION is of the opinion that a local work situation should be included as a payable category authorized by the Office of Personnel Management (OPM), it will advance a proposal to the EMPLOYER seeking coverage for the work situation. The proposal will name the location of the situation, nature of exposure, and other factors necessary for inclusion as a payable category. Work situations determined to be in compliance with OSHA standards or any other nationally accepted standards, e.g. threshold limit values established by the American Conference of Governmental Industrial Hygienists, are deemed to have practically eliminated the hazard and are not eligible for environmental differential pay. This includes situations where the hazard has been practically eliminated through the use of personal protective equipment.

Section 3

Disputes arising over an Employee's entitlement to EDP in an area already approved for EDP will be resolved through the negotiated grievance procedure.

Section 4

When a work situation has been negotiated (including the use of third party settlement procedures), the affected Employees will be entitled to pay retroactive to the date the current Step II grievance or request for negotiation was received by the Commander.

Section 5

Should the FSIP decline jurisdiction over an EDP matter brought before them, the UNION may raise the issue under the negotiated grievance procedure. The time frame for the grievance procedure will commence upon receipt of the FSIP decision.

Article 33

Section 4

An allotment shall be terminated when the Employee leaves the Unit as a result of any type of separation, transfer, or other personnel action; upon loss of exclusive recognition by the UNION; when the Agreement providing for dues withholding is suspended or terminated by an appropriate authority outside Department of Defense; or when the Employee has been suspended or expelled from the UNION.

Section 5

The UNION will promptly notify the CPS when an Employee with a current authorization ceases to be a member of the UNION in good standing.

VOLUNTARY WITHHOLDING OF UNION DUES (cont'd)

Section 6

An Employee may revoke a dues allotment, in writing (SF 1188 or other written notification) at any time. However, the dues revocation will become effective at the beginning of the first full pay period which begins on or after the first of March following the receipt of the dues revocation in the CPS, except that:

An Employee who authorized dues withholding less than twelve (12) calendar months prior to 1 March may have dues revocation effected no sooner than the beginning of the first full pay period that begins on or after the first anniversary date of his/her dues withholding authorization (SF 1187) provided revocation has been received in the CPS prior to that date. Allotted dues will be withheld on a bi-weekly basis. The amount to be withheld shall be the amount of the regular dues of the member, exclusive of initiation fees, assessments, back dues, fines, and similar charges and fees. If the amount of regular dues is changed by the Local, the Defense Accounting Office will be notified in writing by the President of the Local of the rate and effective date of the amended dues structure. The amended amount will be withheld effective with the next full pay period provided the notice has been received in CPS on Wednesday preceding the beginning of the deduction period covered by that payroll, unless a later date is specified by the Local. New authorization forms are not required. Only one (1) such change may be made in any period of twelve (12) consecutive months.

Section 9

The Defense Finance and Accounting Section (DFAS) will send to the appropriate NFFE official the remittance of dues withheld after each payroll period for which deductions are made and a listing of names, amounts withheld, and identification of the individuals dropped. NFFE Local 2109 will be furnished a copy of the submission.

Employees of the Unit are entitled to UNION representation at all investigations and discussions if the Employee reasonably believes they may be adversely affected as a result of the investigation or discussion. Section 9

The EMPLOYER agrees when deciding on a penalty for discipline to consider the freshness of prior discipline.

Section 10

Before removing an Employee acknowledging personal or behavioral problems, management may offer the Employee the opportunity to avail himself/herself of professional help in conjunction with the Arsenal's Employee Assistance Program.

Section 11

The Deciding Official agrees to consider the Douglas Factors for all disciplinary actions. The Deciding Official must consider the Douglas Factors for all adverse actions which may weigh for, or against the employee in determining the appropriateness of a penalty for misconduct. The Douglas Factors are listed below:

- a. The nature and seriousness of the offense and its relation to the employee's duties, position, and the responsibilities, including whether the offense was intentional or technical or inadvertent, or was committed maliciously or for personal gain, or was frequently repeated.
- b. The Employee's job level and type of employment, including supervisory or fiduciary role, contact with public, and prominence of the position.
- c. The Employee's past disciplinary record.
- d. The Employee's past work record, including length of service, performance on the job, ability to get along with fellow workers, and dependability.
- e. The effect of the offense upon the employee's ability to perform at a satisfactory level and its effect upon supervisors' confidence in the employee's ability to perform assigned duties.
- f. Consistency of the penalty with those imposed upon other employees for the same or similar offenses.
- g. Consistency of the penalty with the DA Table of Penalties pertaining to various offenses (AR 690-700.)
- h. The notoriety of the offense or its impact upon the reputation of the Department of the Army.

Article 43

DISCIPLINARY AND ADVERSE ACTIONS (cont'd)

Section 11 (cont'd)

- i. The clarity with which the employee was on notice of any rules that were violated in committing the offense, or had previously been warned about the conduct in question.
- j. The potential for the Employee's rehabilitation.
- k. Mitigating circumstances surrounding the offense such as unusual job tensions, personality problems, mental impairment, harassment, bad faith, malice, or provocation on the part of others involved in the matter.
- l. The adequacy and effectiveness of alternative sanctions to deter such conduct in the future by the employee or others.

Article 44

GRIEVANCE PROCEDURE

Section 1

The EMPLOYER and the UNION recognize the importance of settling agreements and disputes promptly, fairly, and in an orderly manner. To accomplish this, efforts will be made to settle grievances expeditiously and at the lowest level of supervision.

Section 2

This negotiated grievance procedure shall apply to matters of concern or dissatisfaction regarding the interpretation or application of this Agreement or violation of law or regulations affecting conditions of employment. This grievance procedure does not apply to:

- a. A violation relating to prohibited political activities.
- b. Retirement, life insurance, or health insurance.
- c. A suspension or removal for national security reasons.
- d. Any examination, certification, or appointment.
- e. Classification of a position which does not result in reduction in pay or grade for the Employee.
- f. Non-selection for promotion from a list of properly ranked and certified candidates.
- g. Termination of a temporary promotion or temporary appointment at the expiration of the term, completion of assignment of work project, or due to lack of funding.
- h. Performance Improvement Period Letters.
- i. Adverse actions as a result of a RIF.
- j. Separation during probation.

Nothing in this Section shall prevent Employees from processing any prohibited personnel practice defined by law through appropriate statutory appeals procedures provided that the Employee has not filed a formal grievance on the matter in accordance with this Agreement.

Except as provided for in Subsections (d) and (e) of Section 7121 of the Civil Service Reform Act of 1978, whereby an aggrieved Employee may raise the matter under either an applicable statutory procedure, an appellate procedure or these procedures, but not more than one, these procedures shall be the exclusive procedures for resolving grievances. The Employee option shall be deemed to have been exercised when the Employee initiates an action in writing under either an applicable statutory procedure, the appellate procedure, or timely files a grievance in writing in accordance with these procedures, whichever event occurs first. The selection of these procedures in no manner prejudices the right of an aggrieved Employee to request the Merit Systems Protection Board or the Equal Employment Opportunity Commission, as applicable, to review a final decision. An individual grievance may not be filed as a contract dispute when the action/issue would be appealable to the MSPB.

GRIEVANCE PROCEDURE (cont'd)

Section 3

A grievance may be undertaken by the UNION, the EMPLOYER, an Employee, or a group of Employees. Only the UNION or a representative approved by the UNION may represent Employees in such grievances.

Section 4

The following procedures are established for the resolution of grievances:

- a. *Informal meeting* - The EMPLOYER and the UNION agree that an affirmative effort will be made by the Employees and/or their representatives and their supervisors to settle dissatisfactions at the lowest possible level before resorting to the formal grievance procedure.

Accordingly, Employees are encouraged to discuss their dissatisfactions with their supervisors prior to filing a formal grievance. For the purpose of this Agreement, a complaint is defined as a situation wherein an Employee has expressed a dissatisfaction that has been brought to the attention of the appropriate management official by either the Employee or the UNION.

- b. *Formal Grievance* - Because some grievances arise from cumulative or continuing conditions, it is not feasible to set a standard time limit on the filing of a formal grievance. Where an Employee grievance arises from a specific event or incident, however, it must be presented within ten (10) days from the date of the event or incident giving rise to the grievance, or within ten (10) days after the Employee knew, or with reasonable diligence should have known, of the occurrence of the matter out of which the grievance arose.

If the grievant has had an "informal meeting" and is still dissatisfied, the grievance may be reduced to writing by the aggrieved and initiated as a formal grievance in accordance with the following steps:

Step I In the event of a grievance from Employees covered by this Agreement, the matter shall first be presented verbally to the immediate supervisor, or appropriate management official (if it is determined that the supervisor has no authority in the area of the grievance), by the aggrieved Employee, and a representative (if representation is used), stating the nature of the grievance and the remedy sought. The supervisor (or appropriate management official) will meet with the Employee and the Employee's representative (if any) within two (2) days from the date the grievance was presented to obtain the pertinent facts surrounding the grievance. This does not prohibit the supervisor from having one other management official present for the purpose of providing personal advice. An observer from the Civilian Personnel Advisory Center, will be present to insure that established procedures are followed. Additional meetings will be conducted if deemed necessary by either Party. After careful consideration, the management official hearing the grievance will issue a written decision to the Employee within three (3) days from the date of the initial meeting.

GRIEVANCE PROCEDURE (cont'd)

Section 4 (cont'd)

Step II If no satisfactory resolution is reached during the Step I, the grievance will be presented, in writing, to the supervisor or appropriate management official who rendered the decision, by the UNION representative or the grievant, if self representation is elected, within ten (10) days from receipt of the Step I decision, stating the nature of the grievance, the remedy sought, and the grievant's choice of UNION representation or self-representation. The procedure in Section 3 of this Article will govern self-representation.

The Employee's grievance shall be submitted by the supervisor (or appropriate management official) through supervisory channels, to the Commander/designee. The request for Step II will reach the Commander/designee within ten (10) days from submission to the deciding official. The Commander's representative, when used, will be designated in writing. Within ten (10) days from receipt, the Commander or Commander's representative shall conduct a joint meeting with the aggrieved Employee, the representative(s) (if used), the appropriate supervisor/official, and one other management official (if any) who may speak only with the permission of the Commander or Commander's representative. This time frame can be extended by mutual consent. The Commander or the Commander's representative will conduct Step II grievance hearings and other investigations as deemed appropriate by the Commander/designee. The Commander, or the Commander's representative will be responsible for :

1. Conducting necessary hearings with both Parties in attendance to:
 - a. Ascertain exact issue and remedial action.
 - b. Have both Parties present their views on the issues.
 - c. Hear all evidence presented by the Parties.
 - d. Insure both Parties understand that all available data relating to the issue must be presented at the hearing(s) and additional information will not be considered at a later date, except as provided in paragraph 2. below.

2. Conducting a continuation of the meeting when such request is made for good cause by either party or the Commander's representative for the purpose of obtaining or presenting any additional information required. Any evidence or facts obtained during the interim period by the representative or either party will be presented at the continuation of the meeting by the source of that information, with all parties present.

3. Contacting the Parties for necessary extensions of time, if any additional time is required in conducting an investigation. When granted, the Civilian Personnel Advisory Center, will be informed by telephone and memorandum.

4. Insuring that the tape recording of the hearing is maintained until the grievance/appeal route as defined in this Article is exhausted.

5. Once the MFR of the Step II hearing has been typed by the CPAC, it will be forwarded to the UNION, which will have five (5) days to review and provide comments, if necessary.

GRIEVANCE PROCEDURE (cont'd)

Section 4 (cont'd)

The Commander, or the Commander's representative, may seek further information whenever he/she feels that there is insufficient or conflicting information which renders it impossible to reach a just or fair decision. If this occurs, the facts developed by this action will be presented and discussed at a reconvened Step II in accordance with the above procedures.

The Commander/designee will render a written decision, including reasons, within twenty (20) days after the date of the final Step II hearing.

Nothing in this Section will preclude either party from attempting to settle the matter prior to the decision of the Commander/designee.

Step II grievance meetings concerning grievances of Employees assigned to the 12 midnight to 9:30 a.m. shift will be conducted at 8:30 a.m. Meetings for Employees assigned to the 4:30 p.m. to 2:00 a.m. shift will commence at 3:30 p.m. In situations where these assignments are not possible or practicable, the tour of duty for the grievant, his/her representative and required witnesses will be changed to permit participation in the Step II grievance meeting without payment of overtime.

Section 5

Because some contract disputes arise from cumulative or continuing conditions, it is not feasible to set a standard time limit for initial filing. However, where a contract dispute arises from a specific event or incident, it must be presented within ten (10) days of the event or incident giving rise to the contract dispute or within ten (10) days after the UNION/Commander knew, or with reasonable diligence should have known, of the occurrence. The Parties agree that a contract dispute ordinarily will not be filed for the sole purpose of attempting to secure an individual remedy. However, this Section shall not be interpreted to preclude award of individual remedies.

Disputes arising from alleged violations of this Agreement by either Party will be reduced to writing and submitted to the Commander/designee by the President of NFFE Local 2109, or to the President of NFFE Local 2109 by the Commander/designee.

This notification must specify the Articles/Sections alleged to have been violated, the organizations (if applicable) and management or UNION official(s) involved, and the remedial action sought. The Commander or the Commander's representative (in the case of a UNION filed contract dispute) or the UNION President (in the case of a Management filed contract dispute) will conduct the necessary hearing(s) with all Parties in attendance to:

1. Ascertain the exact issue and remedial action sought.
2. Have both Parties present their views on the issue.
3. Hear testimony of witnesses called by either party.

GRIEVANCE PROCEDURE (cont'd)

Section 5 (cont'd)

4. Hear all evidence presented by the Parties.
5. Insure that the hearing(s) is restricted to the issue at hand.
6. Insuring that the tape recording of the hearing is maintained until the grievance/appeal route as defined in this Article is exhausted.
7. Once the MFR of the Contract Dispute has been typed by the UNION/CPAC, it will be forwarded to UNION/Management, which will have five (5) days to review and provide comments, if necessary.

The Commander (or the Commander's Representative) or the UNION President (or the President's Representative) may reconvene a hearing when such a request is made for good cause by either party involved and for the purpose of obtaining or presenting any additional information required.

The Commander or the UNION President will render a written decision, including reasons, within twenty (20) days from the date of the final meeting. This time frame can be extended by mutual agreement. If the dispute is not settled by this method, the initiating party may invoke the arbitration procedures in this Article. Nothing in this Section will preclude either party from attempting to settle such disputes informally at a lower level, and such efforts are encouraged.

Article 45

MEDIATION

The Parties agree to the use of the services of the Federal Mediation and Conciliation Service (FMCS). The process will be used as a non-binding attempt at dispute resolution before the invocation of arbitration.

1. Each grievance/dispute will be dealt with on an individual basis.
2. The party requesting the use of mediation will submit their request to the other party within five (5) days after receipt of the Step II decision.
3. The party initiating the request will be responsible for notifying and requesting the services of the FMCS.
4. The Parties agree to cooperate with the efforts of the FMCS. Cooperation does not imply agreement.
5. The recommendations of the mediator shall not be used as evidence during any official binding third party settlement procedure.
6. The use of the mediation process will serve to suspend the time parameters for invoking arbitration until one or both Parties decide the mediation process has not been successful. Success is defined by the Parties reaching an agreement that resolves the dispute.

Article 46

ARBITRATION

Section 1

If the decision on a grievance processed under the negotiated grievance procedure is not satisfactory, the UNION, or the EMPLOYER may refer the issue to arbitration. The notice referring an issue to arbitration must be in writing, signed by the Local UNION President or the EMPLOYER, and submitted within fifteen (15) days following the Step II decision, or if a mutual agreement cannot be reached at Step III (Mediation).

Section 2

Within fifteen (15) days from the date of receipt of a valid arbitration notice, the Parties shall request the Federal Mediation and Conciliation Service to submit a list of five (5) impartial persons qualified to act as arbitrators. A brief statement of the nature of the issues in dispute will accompany the request to enable the Service to submit the names of arbitrators qualified for the issues involved. The request shall also include a copy of the collective bargaining Agreement. The Parties shall meet within a reasonable time frame after the receipt of such list to select an arbitrator. If they cannot agree upon one (1) of the listed persons, the EMPLOYER and the UNION will each strike one (1) arbitrator's name from the list of five (5) and shall repeat this procedure until only one name remains. The remaining name shall be the duly selected arbitrator. Either Party can request a second list of arbitrators if dissatisfied with the original list of arbitrators. The UNION/EMPLOYER may withdraw the grievance at any time prior to the actual convening of a hearing or submission of the case to the arbitrator.

Section 3

The EMPLOYER and the UNION agree to share equally the arbitrator's fees and expenses.

Section 4

The process to be utilized by the Parties may be one of the following:

- a. The Parties will meet at least sixty (60) calendar days prior to the arbitration hearing in an attempt to arrive at a joint stipulation of the facts, issues, and exhibits of the case, and exchange respective witness lists.
- b. Upon mutual agreement, the Parties may request that the arbitrator render a written decision solely on the joint submission of the Parties without a hearing.
- c. Upon mutual agreement, the Parties may request that the arbitrator render a written decision solely on arbitration "Inquiry Methods".

The arbitration hearings will be held during the regular day shift work hours of the basic Monday through Friday workweek. Arbitration hearings concerning grievances of Employees assigned to the 12 midnight to 9:30 a.m. shift will be scheduled on a Thursday or Friday, and arbitration hearings concerning grievances of Employees assigned to the 4:30 p.m. to 2 a.m. shift will be scheduled on a Monday or Tuesday. The tour of duty for the grievant, his/her

Section 4 (cont'd)

representative(s), and required witnessed, will be changed for two (2) days (Monday and Tuesday, or Wednesday and Thursday) in the week the arbitration hearing is held. The change in tour of duty will be extended when required.

Section 5

The arbitrator shall have the authority to resolve any questions of arbitrability and interpret and define the explicit terms of this agreement.

Section 6

The arbitrator will be requested to render his/her decision as quickly as possible, but in any event not later than thirty (30) calendar days after the conclusion of the hearing unless the Parties mutually agree to extend the time limit.

Section 7

The arbitrator shall have no authority to add to, change, modify, alter, or delete any provision of this agreement. The authority of the arbitrator will extend to the interpretation of agency regulations, provisions of law, or regulations of appropriate authorities outside the agency. The arbitrator will make no findings of fact, recommendations, or interpretations of this agreement except to the extent necessary to resolve the issue(s) submitted or determined.

Section 8

The EMPLOYER and the UNION shall share equally the expense of any mutually agreed upon services in connection with the arbitration. The Parties shall bear their own individual expenses during the arbitration proceedings.

Section 9

The arbitrator's decision shall be binding on the Parties. However, either party may file exceptions to the arbitration award in accordance with the provision of the Federal Service Labor-Management Relations Statute and the rules and regulations of the Federal Labor Relations Authority.

Section 10

Either Party may file an exception with the Federal Labor Relations Authority to the arbitrator's award. Such exception must be filed in accordance with the Authority procedures.

Article 46

ARBITRATION (cont'd)

Section 11

If a threshold issue of timeliness, grievability, or arbitrability is raised by either party, the arbitrator will render a written decision on the threshold issue(s) before conducting a hearing on the merits of the case.

EFFECTIVE DATES AND DURATION

The effective date of this Agreement shall be the date of agency head approval or, in the alternative, 31 days after execution if the agency head does not approve or disapprove the agreement within the statutory 30 day time period. It shall remain in effect for three (3) years from the approval of this Agreement. The Agreement shall be automatically renewed for an additional three (3) year period on each third anniversary date thereafter, unless either Party gives written notice to the other, not more than one-hundred and five (105) or less than sixty (60) calendar days prior to the three (3) year expiration date, of their desire to renegotiate this Agreement. The present Agreement will remain in full force and effect during the renegotiation of said agreement and until such time as a new Agreement is executed.
